As we approach the end to our fall sports season, I would like to thank all of our fall athletes for an outstanding finish to the season. Your hard work and dedication has been an inspiration to us all.

Thanks, coaches, for your time and effort that have been put into our student athletes to make the fall season a successful one. As we know, there's no substitute for hard work. Your long hours of preparation and hard work are evident every time our student athletes take the field in competition.

I would like to wish all of our winter athletes and coaches the best of luck for the upcoming winter season. I would also like to encourage our winter athletes to strive to be the best in their chosen sport by developing good work habits, having self-determination, and preparing in advance for the upcoming season.

Once a Wolf, Always a Wolf!

Mr. Greg Hunter  
Athletics Assistant Principal
